Harima to Exhibit at "BioJapan 2026"

HARIMA CHEMICALS GROUP, INC.

Harima will exhibit at Asia's premier bio-industry partnering event, "**BioJapan 2026**", to be held at PACIFICO Yokohama, from October 7 to 9.

Harima conducted the research project "Development of an Industrial-Scale Bioproduction System for Highly Bioavailable Carotenoids" in collaboration with Research Institute of Innovative Technology for the Earth (RITE). The research was a subsidy project of New Energy and Industrial Technology Development Organization (NEDO), conducted under the program "Development of Production Technology for Bio-based Products to Accelerate the Realization of Carbon Recycling". Harima will be exhibiting at the NEDO booth during BioJapan 2026.
